In the News...

Magnolia, TX, September 12, 2010 – Shadow Polymer Industries' President, Robert Hickman, has been recently selected to be among a select group of speakers at this year's North American Moldex3D User's Conference being held in Novi, Michigan on October 14, 2010.

Conference Details:

Moldex3D, the innovative developer in simulation technology for plastic injection molding, will hold its annual American User's Meeting on Thursday, October 14th, in Novi, Michigan, USA.

All participants will gain the most up-to-date simulation innovations and inspire your ideas with international Moldex3D experts. Meanwhile, the president of Moldex3D, Dr. Venny Yang, will announce the Moldex3D R10, followed by a hands-on demonstrations.

There's no cost for your participation. However, the registration is required and two weeks advance notice is needed. The deadline to register will be October 1st, Friday 2010. [Register here.](#)
